

Learn & Create: Sip and Shape

Learn to work with easy-to-use polymer clay in this introductory workshops designed for adults!

Explora is excited to welcome our Maker in Residence,
Sean Wells y Delgado

A fun, one-hour class in polymer clay sculpting. FREE. As you learn to sculpt a clay figurine while enjoying a beverage or two, Sean will explain the science behind polymer clays and demonstrate different techniques for working with polymer clays in each class. She will also discuss the history of using these types of NM icons.

What you'll need:

- Sculpy polymer clay -- both white and colored
- Shaping tools from around your house (butter knife, clean toothbrush, pencil, etc.)
- Small rolling pin or glass jar
- Deck of cards
- Toaster oven or oven

To Register:

You may register for this workshop [here](https://forms.gle/5rTKdqudXxY1VU1KA) (https://forms.gle/5rTKdqudXxY1VU1KA). For more information, call Reservations at 505-600-6734 or email reservations@explora.us

Virtual Workshop #1

- ❖ February 25, 6:00 -7:00

Virtual Workshop #2 (repeat)

- ❖ April 23, 6:00 -7:00

Meet a Comic Book Artist!

Abby Butler is a local artist that works mostly in illustration and comics. She has been painting and drawing for over 10 years and has completed lots of awesome projects, including magazines and comic books.

Meet Abby and find out what it takes to make a living as a local artist while delving into the science and art of creating comics and telling stories through sequential art. You don't have to be artistic to enjoy this interactive presentation!

TEEN SCIENCE CAFÉ

THURSDAY, FEBRUARY 18 2021 • 4 – 5:00 PM

FREE Virtual Event

Learn & Create

Comics! Workshop Series for Teens

Learn what you can do with sequential art in this 3-part workshop series designed for teens!

Explora is excited to welcome our Maker in Residence, Abigail Butler

This 3-part workshop will cover comic and graphic novel art, as well as the similarities and entry points to animation and storyboard art. Abby will also give a short walkthrough of the different fields and career pathways for those interested in making sequential art.

This workshop comes with a FREE kit (including specialized comic layout paper) for the first 20 teens that pre-register.
