

# INVEST IN THE FUTURE. HELP US BUILD BRILLANTE EARLY LEARNING CENTER.

## A TRUSTED ORGANIZATION

For over three decades, Explora has been a trusted organization and an excellent steward of public and private funding to provide STEAM-rich learning experiences for New Mexico students. Now, Explora is building a Cradle through Career STEAM Learning Campus, co-developed with community, to improve educational outcomes, drive economic development, and increase family and community prosperity.

## BUILDING OUR NEXT GREAT MINDS

Brillante will be the state's only full-time, museum-based STEAM early learning center. It will serve close to 150 infants, toddlers, and young children with rich STEAM learning experiences, keeping them safe and engaged while their parents finish their programs at partner higher-education institutions. This project is shovel-ready, with an architect in place; \$10M is needed to complete construction.

### 1. CHILD CARE THAT WORKS FOR FAMILIES

Brillante will create around 150 new, full-time child care spots, keeping children safe and engaged with a high-quality, STEAM-based curriculum while their parents work and finish their degrees.

### 2. WORKFORCE DEVELOPMENT

In partnership with CNM, Brillante will support career pathways and professional development for early childhood educators.

### 3. A HUB FOR COMMUNITY RESOURCES

Brillante will uplift our communities by serving as a hub for social supports for families and other community-based early childhood programs, providing much-needed infrastructure and a Family Resource Center.
