

EXPLORA GUIDE TO EDUCATIONAL PROGRAMS

Thank you for considering Explora!

Our innovative learning experiences support your educational objectives. Our on-site and outreach programs immerse students in thought-provoking, phenomenon-based science, technology, engineering, math (STEM), and art experiences. In each program, there is the opportunity to apply science and engineering practices and make practical connections to crosscutting concepts. We are committed to supporting education throughout New Mexico, and we hope you will include Explora as part of your educational program this year.

Programas en español: Explora puede proveer sus exploraciones de exhibiciones, sus exploraciones de aula, y sus programas de extensión en español. Llama al 505-600-6072, de lunes a viernes, 9am–5pm.

Outreach from Explora

Description

Explora can come to your site, in-person or virtually! Programs are aligned to Common Core State Standards and New Mexico STEM Ready! Standards.

- In-Person
 - Classroom Exploration program - 1 hour, up to 30 students
 - **In-Person Topics** - [Click here](#)
 - Family/Community Science Program - up to 2 hours. Explora Educators facilitate table-top activities such as wind tunnels, engineering challenges, and more for all ages!
- Virtual
 - Classroom Exploration - 1 hour, up to 25 students with hands-on material kits or 30 minutes demonstration with unlimited participants
 - Family/Community Science Program - 30-45 minutes. Families can gather materials at home to follow along with the demonstration.
 - **Virtual Topics** - [Click here](#)

Fee Schedule

In-Person

Classroom Exploration (1 hour)

Up to 3 classes in the same day (typically all classrooms in a single grade level).... **\$350**

Looking to add programs for more grade levels or students?

We'd be happy to send additional educators for a school-wide STEAM day.

4-6 classes in the same day (typically all classrooms in two grade levels).... \$550

7-10 classes in the same day (typically all classrooms in three grade levels).... \$750

More than 10 classes in the same day \$200 for each additional 3 classes

Local Special: 1 single class (up to 30 students) \$200

Family/Community Science Program (2-3 hours) \$350

Virtual

Classroom Exploration

30 minute demonstration \$75

1 hour with up to 25 student material kits \$200

Each additional kit \$10 each

Kits can be picked up curbside at Explora or shipped for an additional fee.

Family/Community Science Program (30-45 minutes)

Demonstration includes a facilitator and moderator.... \$150

Workshops for Teachers, Librarians, and Out-of-School Time Professionals

Description

Explora Workshops embrace an inquiry approach to learning, involve participants in fun, active explorations of phenomena, and foster an understanding of New Mexico STEM Ready! Standards and 21st Century Skills. CEUs are available for early childhood providers and teachers. Workshops can be virtual with an additional \$500 for 30-material kits mailed to your site.

Workshop Topics - [Click here](#)

Fee Schedule

In-Person

Up to 2 hours \$500
3-5 hours \$1000
Custom topic, up to 2 hours \$1000+

Virtual

Up to 2 hours \$500
Up to 2 hours with 30 individual kits \$1000

Workshops are designed for groups of 30 people. If your group is larger, contact us for options.

STEAM Kits

Description

These STEAM kits come with all the necessary materials and an easy-to-follow activity card. Activities range from bubbles to bridges! Kits can be picked up curbside at Explora or shipped for an additional fee.

STEAM Kit Topics - [Click here](#)

Fee Schedule

STEAM Kit
25 kits \$150
\$6 for each additional kit
