

Explora Career Pathways Internship (CPI)

Paid Internship!

About to become a junior in high school? Interested in learning more about science, technology, engineering, art, or math (STEAM) or jobs in education or museums? Looking for a flexible, work-based learning opportunity where you can gain experience and workforce skills in a fun and supportive environment? Explora has a unique, 2-year paid internship program just for you!

No experience required. Applicants must be excited about working with kids and bring a good sense of fun. Email questions to careerpathways@explora.us.
