

Detailed Step by Step Guide to your Digital Membership Cards

Thank you for accessing your digital membership! We hope you enjoy having easier access to your membership benefits. In the app you have access to digital member cards, maps of the museum, renewal reminders, special member event notifications and much more.

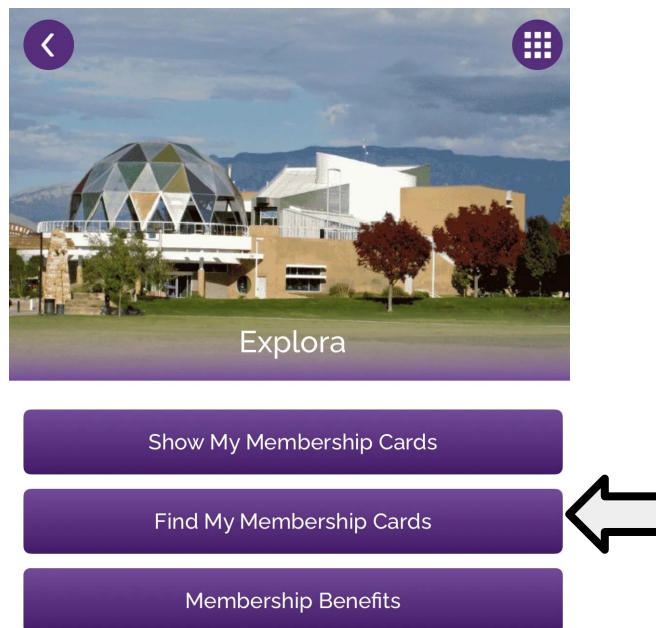

1. To find the app, scan the QR Code below or search for **eMembership Card** from the App Store or Google Play Store. Download the app to your smartphone by clicking “Install” or “Get”.

1. The app will ask for location data, which is not required to use the app. We recommend that you agree to receiving notifications, so that you can get reminders about member special events and renewal notices. You may opt out at any time.
1. Search **Explora** and select the title.

4. To activate your digital cards, select the button “Find My Membership Cards”.

Explora has been from the very beginning, a collaboration of great visions. It began around 1983 with two individual groups who with no knowledge of each other's existence had similar ideas: the first group envisioned a "children's exploratorium," while the second had the idea of a "science and technology exploratorium." Since the merging of the two ideals in 1995 Explora has been, and will continue to be, a learning place for people of all races, ages, genders, abilities, and backgrounds. We believe that family, caregivers, peers, and colleagues are essential partners in learning.

5. After tapping “Find My Membership Cards” type in your Patron ID number (Member ID) and the last name of the primary account holder. You may also look up your cards by typing in the phone number you provided when setting up your membership and the last name of the primary account holder.
